WE MANUFACTURE AND DISTRIBUTE LEADING HARDSCAPE BRANDS FOR THE BACKYARD.

Silver Creek's Slate, Travertine and Barn Plank Landscape Tiles, Steps and Garden Walls come in a broad selection of shapes and colors. They have caught the attention of designers, landscapers and homeowners alike not just for their amazing looks but also for the convenience, durability, consistency and affordability of a manufactured product.

- Strong, 10,000 PSI wet cast concrete
- Cast in multiple/unique molds
- Incredible surface and edge detail
- Blended colors look like natural stone and reclaimed wood

We manufacture the industry's leading retaining wall brands. Although many have similar looks and appeal, most are very different in their design and performance characteristics. A hardscape professional can help you choose what is best suited for a garden wall, seatwall, egress window or if a structure or parking lot is above the wall.

- Strong 4,500 PSI dry cast concrete
- Vertical, adjustable or fixed setbacks
- Matching and contrasting cap colors and styles
- Can be engineered to reach incredible heights and performance needs

Interlock pavers perform as good as they look in both residential and commercial applications. They are manufactured under strict QC standards to ensure they perform as intended and last for decades.

With dozens of shapes, surface detail and colors to choose from, designers and property owners have endless possibilities to create the patio, pathway, pool deck or driveway that fits every project's style and performance needs.

- Strong, 9,500 PSI dry cast concrete
- Withstands freeze/thaw conditions
- Can be repaired/replaced and reclaimed
- Endless design-ability and unrivaled aesthetics
- Outperforms other paver materials
- KolorLast pavers resist the harmful effect of Mother Nature, use & abuse, color fading and staining

Necessories is a collection of affordable, ready-to-assemble outdoor fireplaces, island bars & grills, kitchens, tables, waterfalls, fire rings, seatwalls and pillars kits. They are easy to design with, easy to buy and easier to build. And, kits can be customized.

Other than some common tools, kits come with everything needed to build on a properly prepared base.

- All blocks, mantels and caps included
- Summerset stainless grills and components
- Fire brick, pumps, inserts and accessories
- Cut block sized to fit and steel reinforcements
- Construction gloves and adhesives

PLANNING GUIDE

USE THIS SIMPLE GUIDE TO HELP YOU AND YOUR LANDSCAPE PROFESSIONAL CREATE AN ATTRACTIVE AND COMFORTABLE LANDSCAPE YOU WILL ENJOY EVERYDAY.

Rochester Concrete Products™

The endless combinations of

products available can make choosing your landscape and hardscaping materials very challenging. To simplify the task, follow these four design considerations when choosing materials for your backyard design.

1. Style

Style includes the shape, size and surface detail of a paver, slab, tile or wall. Choose a style that best suits the application, complements your surrounding architecture and expresses your personal flair.

2. Color

Whether you prefer a solid color, a blend or a combination of styles, shapes and colors, find one that complements or contrasts your roofing, siding or stonework. Also consider what furniture and decor, plantings and sealers will do to create the colors you'll always appreciate.

3. Pattern

Start by finding examples of landscapes and patterns you like, and share them with your landscape professional. An experienced pro can help you with your design process, budget, product selection, construction and maintenence.

4. Detail

Nothing completes a hardscape area like adding beautiful accents of inlays, caps/tops and borders. Use combinations of contrasting styles, color or patterns to create lasting flair for your outdoor living space.

Before planning your landscape project, check with your local zoning commission for building restrictions and required construction permits. Always call 811 before you dig.

811 Know what's **below.** **Call** before you dig.

JUST FOLLOW THESE FIVE SIMPLE PLANNING STEPS:

1) Do your homework

Visit our website, Facebook or Instagram pages to see backyard patio plans, photos, ideas and MORE! The more ideas you have of hardscape materials, plants, accents and furniture, the better.

2) Make a wish list

Make a list of things you like and dislike. If mowing the lawn or weeding a flower garden isn't for you, make note of it. Do you prefer rocks vs. mulch? Do you love flowers, but dread replanting every year? Highlight your interests below and share them with your landscape pro.

3) Make a budget

When budgeting, plan to invest about 7% to 10% of your home's value. A more elaborate backyard sanctuary may require 15% to 20%. Much of what you will spend depends on how long you plan to stay in your home. If you plan to stay for more than 10 years, 15% to 20% will give you the enjoyment you desire for years to come.

Home Value $ _____ x _____%

= $

(Your landscaping budget)

4) Sketch your design

Take out a pencil and paper and start at the beginning. Sketching will help you discover your likes and dislikes and make your landscaping process much easier.

5) Hire a professional

If you're not quite the weekend warrior to tackle your own landscape construction, start talking to the professionals. Landscape pros are invaluable assets for their design expertise, product knowledge and construction methods.

When it's time to choose products, ask your landscaping professional for input. There are countless pavers, slabs and landscape tiles to choose from, the same goes for retaining wall blocks. Knowing what products are best suited for a particular landscape application is crucial. For example, pavers designed for heavy vehicle traffic are not good choices for small patios or walkways. And with retaining walls, a heavy-duty wall system probably isn't the right product for use as a small garden wall.

There's no better way to select material than to see and touch the real thing. Visit a Rochester Concrete Products distributor/dealer to touch and see actual samples in the colors you like. If you can't visit a dealer showroom where outdoor living products are displayed, ask your landscape contractor to gather samples for your consideration. Always refer to actual product samples when making color selection.

The real benefits of landscaping

Curb appeal – it's the best way to make a good first impression. Most homeowners agree, spending over $45 billion on professional lawn and landscape services annually. Gardening has become America's #1 pastime, with over 80% of all households participating.

What does this mean to you?

A well-designed landscape does more than bring increased value to your home, it brings energy savings as well. More importantly, quality landscaping brings you years of enjoyment. So follow the number one trend in the country and bring the indoors out by adding a raised patio, fire pit or an outdoor kitchen. Regardless of what you do, the enjoyment of the outdoors will reduce your stress and add real value to your home.

KolorLast™
Hardscape Protectant

IF IT'S NOT KOLORLAST, IT'S JUST CONCRETE.

PROLONGED EXPOSURE TO FREEZE/THAW, SALT, HARSH CHEMICALS AND ACID RAIN CAN DESTROY THE SURFACE OF NON-PROTECTED PAVERS.

KolorLast pavers are extremely fade resistant.

Onyx color pavers exposed to sunlight for several months.

KolorLast is only available on Interlock pavers.

KOLORLAST IS SERIOUS PROTECTION

KolorLast treated pavers are highly resistant to fading and to the harmful effects of salt, chemical and acid rain exposure. KolorLast pavers make it much easier to remove liquid/food spills and rust marks – minimizing or preventing stains altogether.

WHAT IS KOLORLAST?

The KolorLast manufacturing process is a simple chemical reaction between two compounds. First, a special mixture of cement, aggregates, water and a proprietary KolorLast additive are mixed into dry-mix concrete that is pressed into molds with extreme pressure and heat. As pavers are demolded, a proprietary aqueous-based solution is sprayed on the surface causing a chemical/molecular reaction that creates the KolorLast protective layer. This new protective compound penetrates into the surface of the paver three to five millimeters deep and can only be removed with heavy abrasion/wear.

KITCHEN CABINET KITS

KITCHEN CABINETS ARE FOR BACKYARD BAKING, GRILLING, DINING AND ENTERTAINING. ELEGANT, FUNCTIONAL AND AFFORDABLE, THESE HIGH QUALITY KITS & COMPONENTS ARE READY TO ASSEMBLE IN ANY CONFIGURATION YOU CAN IMAGINE.

Kitchen cabinet kits with solid granite tops
Nearly as durable as diamond, granite owes its density and hardness to its origins – solidified under extreme pressure deep within the earth. Granite is as durable as it is beautiful; it's not affected by extremes in temperature and under normal conditions, resists etching by knives, household acids and kitchenware. Choose from two granite top colors.

Besides its beauty, granite is:
- Sanitary; when sealed, granite does not harbor bacteria
- Highly resistant to burning or charring from hot pans, appliances, utensils etc.
- 100% natural and non-toxic and is easy to clean

Earthy cabinet colors
Necessories kits feature Rockwood Retaining Walls' multi-piece, tumbled Lakeland wall block. Its linear design and aged appearance fit well in landscapes of any style or decor. Choose from three cabinet colors.

OUR PRODUCTS ARE DESIGNED TO WITHSTAND THE EVERYDAY USE AND ABUSE THAT YOU, TIME AND MOTHER NATURE CAN THROW AT THEM. OUR LIMITED LIFETIME WARRANTY ASSURES HOMEOWNERS THAT WHAT'S MEANT TO LAST, WILL LAST. AND IF IT DOESN'T, WE'LL STAND BEHIND IT.

IMPORTANT NOTICE: Read this entire RCP Limited Lifetime Warranty and Limitation of Liability ("Limited Warranty"). It is important that the warranted products be properly installed and maintained in order for them to function successfully throughout the duration of this Limited Warranty. Depending on the product's application, installation guides can be found at www.rochestercp.com. It is also important for your installer to carefully review the technical information, including specifications, for the chosen use of your RCP products as it may be the responsibility of the installer or design engineer to provide independent soil testing, quality assurance inspection, testing, and design services necessary to ensure a safe and functional application.

This Limited Warranty applies only to RCP products that are purchased and used as part of Rockwood Retaining Wall Systems installed in owner-occupied single-family homes within the United States, subject to the stated conditions and limitations. This Limited Warranty does not extend to any current or future products distributed, but not manufactured, by RCP. This Limited Warranty applies only to RCP's products and not to the system into which they may be placed. Nor does this Limited Warranty cover RCP products used in governmental, commercial, or multi-residential applications.

LIMITED LIFETIME WARRANTY FOR RCP PRODUCTS INSTALLED IN OWNER-OCCUPIED SINGLE-FAMILY HOMES AS A PART OF A ROCKWOOD WALL OR HARDSCAPE SYSTEM.

RCP warrants that its products will be free from defects for as long as you own your home. If RCP is given prompt notice of a defect, it shall, at its sole option: (1) repair or replace the defective product(s), or (2) refund the original purchase price of the defective product(s). This Limited Lifetime Warranty is provided only to the owner(s) of the home at the time of purchase and may not be assigned or transferred. In the event the owner(s) sells the home, this warranty automatically converts to a two-year limited warranty affording the same scope of protection and governed by the same conditions, disclaimers and limitations of this Limited Lifetime Warranty. If RCP elects to repair the defect, it shall be responsible for the labor to accomplish the repair. If RCP elects to replace the defective product(s), its obligation is to deliver suitable replacement product to owner's property.

LIMITATION OF LIABILITY

This Limited Warranty sets forth the maximum liability for our products. IN NO EVENT (INCLUDING WHERE THIS LIMITED WARRANTY IS DEEMED NOT TO APPLY TO THE SALE OR PRODUCT IN QUESTION) SHALL RCP, GLS INDUSTRIES, INC., OR ROCKWOOD RETAINING WALLS, INC. BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES RESULTING FROM THE SALE, INSTALLATION OR USE OF ANY RCP PRODUCTS. Some states do not allow the exclusion or limitation of incidental or consequential damages for consumers, so the above limitation or exclusion may not apply to you.

LIMITATION OF WARRANTY

RCP MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES FOR MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE.

DISCLAIMER – WHAT THIS LIMITED WARRANTY DOES NOT COVER

RCP is not responsible for or makes no warranty as to:

1. Product failure, loss or damage due to:
   - Normal wear and tear;
   - Damage due to improper handling and repeated or extended contact with chemicals, such as de-icers;
   - Products improperly installed or maintained;
   - Acts of God;
   - Structural settlement, movement or vibration;
   - Products that have not been paid for in full.
2. Minor imperfections
   - Minor imperfections that do not affect the product's structural integrity;
   - Variations in product texture or color;
   - Efflorescence;
   - Minor imperfections in shape, appearance, or dimensions covered by ASTM C1372.

CONDITIONS OF WARRANTY – WHAT YOU MUST DO TO RECOVER UNDER THIS LIMITED WARRANTY

PROMPT NOTICE OF DEFECT:

Within the warranty period, you must promptly, and in no case more than one (1) year after any defect or other basis of a claim covered by this Limited Warranty is discovered or should have been discovered, notify RCP of the defect. Any claims otherwise covered by this Limited Warranty, but for which RCP did not receive notice of the defect within one (1) year from the time the problem first became known, shall be barred.

LIMITED WARRANTY CLAIM PROCEDURE

Claims under this Limited Warranty may be made in writing to RCP at 7200 Broadway Ave. N, Rochester, MN 55906.

Claims should include the following information:

1. Claimant's name, address and phone number, and the installation address (if different);
2. A description of the product, purchase price, date and location of purchase, and copies of invoices, if available;
3. A description of the defect(s) (photos are required); and
4. A brief summary of attempts made to address the concerns.

NO STATEMENT OF USEFUL LIFE

This Limited Warranty is not a statement of the useful life of any RCP products.
