## **We are the preferred manufacturer and distributor of distinctive hardscape materials and supplies.**

Since 1914, Rochester Concrete Products™ and its sister companies have been refining the art and science of interlocking concrete products. Rochester Concrete Products is recognized throughout North America for creating landscape products rich in texture, full of character and manufactured with the highest quality at an affordable price. For these reasons, Rochester Concrete Products is the professional's first choice.

There are many landscape materials in the marketplace to choose from, and only Rochester Concrete Products delivers the peace of mind you can trust.

Our products are rare because they combine beauty, durability and affordability. Rochester Concrete Products manufactures and distributes world leading brands: Necessaries Outdoor Living Kits, Silver Creek Stoneworks, Rockwood Retaining Walls, Interlock Concrete Products, Rosetta Wall Systems, Keystone Retaining Wall Systems, Recon Retaining Walls and Alliance Gator polymeric sands, sealers and cleaners and many more landscape accessories and components.

Whether you're looking for an outdoor space complete with fireplace and dining table or a retaining wall to expand and support a backyard, this comprehensive catalog is a design gallery. There aren't enough pages to tell our entire story, so we invite you to visit [www.rochesterpcp.com](http://www.rochesterpcp.com) or scan the QR code to view more inspirational and award winning landscapes.

# PLANNING GUIDE

**The endless combinations of products available can make the selection process challenging. To simplify the task, follow these four design considerations when choosing materials for your backyard design.**

**1. Style** – Style includes the shape, size and surface detail of a paver, slab, tile or wall. Choose a style that best suits the application and complements your surrounding architecture and expresses your personal flair.

**2. Color** – Whether you prefer a solid color, a blend or a combination of styles, shapes and colors, find one that complements or contrasts your roofing, siding or stonework. Also consider what furniture and decor, plantings and sealers will do to create the colors you'll always appreciate.

**3. Pattern** – Start by finding examples of landscapes and patterns you like, and share them with your landscape professional. An experienced pro can help you with your design process, budget, product selection, construction and maintenance.

**4. Detail** – Nothing completes a hardscape area like adding beautiful accents of inlays, caps/tops and borders. Use combinations of contrasting styles, color or patterning to create lasting flair for your outdoor living space.

*Before planning your landscape project, check with your local zoning commission for building restrictions and required construction permits. Always call 811 before you dig.*

# Use this simple guide to help you and your landscape professional create an attractive and comfortable landscape you will enjoy everyday.

### The real benefits of landscaping

Curb appeal – it's the best way to make a good first impression. Most homeowners agree, spending over \$45 billion on professional lawn and landscape services annually. Gardening has become America's #1 pastime, with over 80% of all households participating.

### What does this mean to you?

A well designed landscape does more than bring increased value to your home, it brings energy savings as well. More importantly, quality landscaping brings you endless days of enjoyment.

So follow the number one trend in the country and bring the indoors out by adding a raised patio, fire pit or an outdoor kitchen. Regardless of what you do, the enjoyment of the outdoors will reduce your stress and add real value to your home.

### Just follow these five simple planning steps:

- 1) Do your homework
- 2) Make a list
- 3) Make a budget
- 4) Sketch your design
- 5) Hire a qualified landscape contractor

#### 1) Do your homework

Visit our website, Facebook or Instagram pages to see backyard patio plans, photos, ideas and MORE! The more ideas you have of hardscape materials, plants, accents and furniture – the better

#### 2) Make a list

Make a list of things you like and dislike. If mowing the lawn or weeding a flower garden isn't for you, make note of it. Do you prefer rocks vs. mulch? Do you love flowers, but dread replanting every year? Highlight your interests below and share them with your landscape pro.

	Like	Dislike	Maybe
Modern	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Natural	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Relaxation / Quiet	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Maintenance-free	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Entertaining / Active	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Matches Homes Architecture	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Open and Spacious	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Privacy and Shade	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Eco-friendly / Energy Saving	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Outdoor Kitchen	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Outdoor Living Room	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Accent Lighting	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Fire Pit	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Fireplace	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Flower Garden	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Water Feature / Pond	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Paver Patio	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Walkways	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Sound System	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

#### 3) Make a budget

When budgeting, plan to invest about 7-10% of your home's value. A more elaborate backyard sanctuary may require 15 to 20%. Much of what you will spend depends on how long you plan to stay in your home. If you plan to stay for more than ten years, 15 to 20% will give you the enjoyment you desire for years to come.

$$\text{Homes Value } \$ \text{ _____ } \times \text{ _____ } \% = \text{ _____ } \text{ (Your landscaping budget)}$$

#### 4) Sketch your design

Take out a pencil and paper and start at the beginning. Sketching will help you discover your likes and dislikes and make your landscaping process much easier.

#### 5) Hire a qualified landscape contractor

If you're not quite the weekend warrior to tackle your own landscape construction, start talking to the professionals. Landscape pros are invaluable assets for their design expertise, product knowledge and construction methods.

### When it's time to choose products, be sure you ask your landscaping professional

There are countless pavers, slabs and landscape tiles to choose from, the same goes for retaining wall blocks. Knowing what products are best suited for a particular landscape application is crucial. For example, pavers designed for heavy vehicle traffic are not good choices for small patios or walkways. And with retaining walls, a heavy-duty wall system probably isn't the right product for use as a small garden wall.

### There's no better way to select material than to see and touch the real thing

Visit a Rochester Concrete Products distributor/dealer to touch and see actual samples in the colors you like. If you can't visit a dealer showroom where outdoor living products are displayed, ask your landscape contractor to get samples gathered for your consideration. Always refer to actual product samples when making color selection.

**NATURE CAN  
BE ONE TOUGH  
MOTHER TO YOUR  
NEW PAVERS.**

**PROTECT THEM!**

*KolorLast helps protect pavers from the destructive effects of wear, sun, salt, lawn chemicals and the march of time.*

*Unprotected pavers will allow UV, dirt and chemicals to penetrate the surface, causing color to fade and the surface to breakdown.*

**Years later,  
it's easy to tell  
unprotected pavers  
from KolorLast  
pavers!**

**KolorLast Protected pavers are:**

- Fade Resistant
- Stain Resistant
- Acid Rain Resistant
- Salt Resistant
- Easier to Clean

**Our pavers have to live up to the damaging effects of time, Mother Nature and decades of use and abuse.**

**KolorLast is serious protection**

Concrete treated with KolorLast is highly resistant to the harmful effects of salt, chemical and acid rain exposure. Another KolorLast benefit is it's much easier to remove liquid/food spills and rust marks—minimizing or preventing stains altogether.

**What is KolorLast?**

The KolorLast manufacturing process is a simple chemical reaction between two compounds. First, a special mixture of cement, aggregates, water and a proprietary chemical additive are mixed into dry-mix concrete that is pressed into molds with extreme heat and pressure. Second, as pavers are demolded, a proprietary water-based solution is sprayed on the surface where a chemical/molecular reaction creates the KolorLast protective layer. This new protective compound penetrates into the surface of the paver three to five millimeters deep. It can only be removed with heavy abrasion/wear.

**Watch the acid test video**

34% hydrochloric acid is poured on an untreated paver, and two KolorLast treated pavers—one six months old, the other four years old. After 30 seconds, the acid had little effect on the KolorLast treated pavers, while the untreated sample is visibly damaged.

[www.rochesterpc.com/KolorLast](http://www.rochesterpc.com/KolorLast)

*KolorLast protected pavers are available only at Rochester Concrete Products.*

Broadmour Pavers

# POOL DECKING

Whether you prefer a modern or traditional look for your pool decking, these large slabs and pavers are designed to make a lasting impression and reflect the personality of your home and outdoor spaces.

Contemporary Wall

A photograph of a modern retaining wall made of grey and dark grey stone blocks. The wall features three square pillars and is topped with a dark grey cap. In front of the wall are three raised flower beds containing pink, purple, and orange flowers. The ground in front is paved with large, light-colored stone tiles.

**RETAINING AND  
FREESTANDING WALLS**

A photograph of a grey stone retaining wall, labeled 'Classic 6', built against a grey house. The wall is made of large, rectangular stone blocks. In front of the wall is a patio paved with 'Barrington Paver' tiles. To the left, there are two red Adirondack chairs. To the right, a large black planter holds various green and white plants. The background shows trees and a cloudy sky.

Classic 6

Barrington Paver

Segmental retaining walls can reclaim serious slopes to create foundations for structures, patios and parking. Freestanding wall blocks create seat walls, privacy walls, outdoor living structures, kitchens and more.

**Affordable luxury**

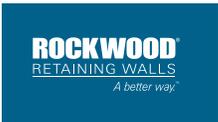

Necessaries kits are both beautiful and functional, turning backyards into attractive and enjoyable outdoor living spaces. Also, Necessaries come ready-to-assemble with everything needed to build, making them easier to install and more affordable than typical masonry structures.

**Easy to build**

Each Necessaries Outdoor Living Kit comes complete with everything you need to build, including precut block sized to fit, reinforcements, adhesive, and easy-to-read, step-by-step instructions. Most kits can be built by two people in an afternoon, or less.

# NECESSARIES OUTDOOR LIVING KITS

Necessaries is a collection of affordable, ready-to-assemble outdoor fireplaces, island bars and grills, kitchens, tables, waterfalls, fire rings, seat walls and pillars kits.

[www.outdoorlivingkits.com](http://www.outdoorlivingkits.com)

# OUTDOOR LIVING KITS

## Expand anytime

You can build your project all at once or add new features over time. Because of Necessaries' modularity, expanding your outdoor living space is easy to do whenever you are ready.

## Earthy colors

Necessaries kits feature Rockwood Retaining Walls' multi-piece, tumbled Lakeland and Riverland wall systems and are available in Beechwood, Bluestone, Desert, and Santa Fe colors. Necessaries mantels, tops and caps are cast from Indiana limestone originals and have smooth, honed surfaces with hand-chiseled edges.

*Outdoor Living Kits are not suitable for commercial installations or applications.*

**Beechwood**

**Bluestone**

**Desert**

**Santa Fe**

## Necessaries - Standard Features

- Easy-to-read, step-by-step instructions
- Rockwood's multipiece Lakeland block
- Reinforcements and concrete cut to fit
- VOC-compliant adhesive and gloves

The clean lines and simple profile of the **Contemporary Fireplace Kit** create a backyard centerpiece perfect for homes with sophisticated style. The ventless, stainless steel insert features electronic ignition, glass wind screen and glass bead fire bed.

**the kitchen**<sup>™</sup>  
 by necessities

**Necessories kitchen kits** are a collection of granite-topped cabinets for backyard baking, grilling, dining and entertaining. Elegant, functional and affordable, these quality components and cabinets are ready to assemble in any configuration you can imagine.

**Kitchen cabinet kits with solid granite tops**  
 Granite is an igneous rock formed billions of years ago when magma cooled deep beneath the earth's crust. Nearly as durable as diamond, granite owes its density and hardness to its origins – solidified under extreme pressure deep within the earth. Granite is as durable as it is beautiful; it's not affected by extremes in temperature and under normal conditions, resists etching by knives, household acids and kitchenware. Choose from two granite top colors.

- Besides its beauty, granite is...**
- Sanitary – when sealed, granite does not harbor bacteria
  - Highly resistant to burning or charring from hot pans, appliances, utensils etc.
  - 100% natural and non-toxic
  - Easily cleaned

**Earthy cabinet colors**  
 Necessories kits feature Rockwood Retaining Walls' multi-piece, tumbled Lakeland wall block. Its linear design and aged appearance fit well in landscapes of any style or decor. Choose from three cabinet colors.

*Kits are not suitable for commercial installations.*

**Black Pearl** granite

**Viscon White** granite

**Our products are designed to withstand the everyday use and abuse that you, time and Mother Nature can throw at them. Our limited lifetime warranty assures homeowners that what's meant to last, will last. And if it doesn't, we'll stand behind it.**

**IMPORTANT NOTICE:** Read this entire RCP Limited Lifetime Warranty and Limitation of Liability ("Limited Warranty"). It is important that the warranted products be properly installed and maintained in order for them to function successfully throughout the duration of this Limited Warranty. Depending on the product's application, installation guides can be found at [www.rochesterpcp.com](http://www.rochesterpcp.com). It is also important for your installer to carefully review the technical information, including specifications, for the chosen use of your RCP products as it may be the responsibility of the installer or design engineer to provide independent soil testing, quality assurance inspection, testing, and design services necessary to insure a safe and functional application.

This Limited Warranty applies only to RCP products that are purchased and used as part of Rockwood Retaining Wall Systems installed in owner-occupied single-family homes within the United States, subject to the stated conditions and limitations. This Limited Warranty does not extend to any current or future products distributed, but not manufactured, by RCP. This Limited Warranty applies only to RCP's products and not to the system into which they may be placed. Nor does this Limited Warranty cover to RCP products used in governmental, commercial, or multi-residential applications.

**LIMITED LIFETIME WARRANTY FOR RCP PRODUCTS INSTALLED IN OWNER OCCUPIED SINGLE-FAMILY HOMES AS A PART OF A ROCKWOOD WALL OR HARDSCAPE SYSTEM.**

RCP warrants that its products will be free from defects for as long as you own your home. If RCP is given prompt notice of a defect, it shall, at its sole option: (1) repair or replace the defective product(s), or (2) refund the original purchase price of the defective product(s). This Limited Lifetime Warranty is provided only to the owner(s) of the home at the time of purchase and may not be assigned or transferred. In the event the owner(s) sells the home, this warranty automatically converts to a two-year limited warranty affording the same scope of protection and governed by the same conditions, disclaimers and limitations of this Limited Lifetime Warranty. If RCP elects to repair the defect, it shall be responsible for the labor to accomplish the repair. If RCP elects to replace the defective product(s), its obligation is to deliver suitable replacement product to owner's property.

**LIMITATION OF LIABILITY**

This Limited Warranty sets forth the maximum liability for our products. IN NO EVENT (INCLUDING WHERE THIS LIMITED WARRANTY IS DEEMED NOT TO APPLY TO THE SALE OR PRODUCT IN QUESTION) SHALL RCP, GLS INDUSTRIES, INC., OR ROCKWOOD RETAINING WALLS, INC. BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES RESULTING FROM THE SALE, INSTALLATION OR USE OF ANY RCP PRODUCTS. Some states do not allow the exclusion or limitation of incidental or consequential damages for consumers, so the above limitation or exclusion may not apply to you.

**LIMITATION OF WARRANTY**

RCP MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES FOR MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE.

**DISCLAIMER – WHAT THIS LIMITED WARRANTY DOES NOT COVER**

RCP is not responsible for or makes no warranty as to:

1. Product failure, loss or damage due to:
  - Normal wear and tear;
  - Damage due to improper handling and repeated or extended contact with chemicals, such as deicers;
  - Products improperly installed or maintained;
  - Acts of God;
  - Structural settlement, movement or vibration;
  - Products that have not been paid for in full.
2. Minor imperfections
  - Minor imperfections that do not affect the product's structural integrity;
  - Variations in product texture or color;
  - Efflorescence;
  - Minor imperfections in shape, appearance, or dimensions covered by ASTM C1372.

**CONDITIONS OF WARRANTY – WHAT YOU MUST DO TO RECOVER UNDER THIS LIMITED WARRANTY**

**Prompt Notice of Defect:**

Within the warranty period, you must promptly, and in no case more than one (1) year after any defect or other basis of a claim covered by this Limited Warranty is discovered or should have been discovered, notify RCP of the defect. Any claims otherwise covered by this Limited Warranty, but for which RCP did not receive notice of the defect within one (1) year from the time the problem first became known shall be barred.

**LIMITED WARRANTY CLAIM PROCEDURE**

Claims under this Limited Warranty may be made in writing to RCP at 7200 N. Broadway, Rochester, MN, 55906. Claims should include the following information:

1. Claimant's name, address, and phone number and the installation address (if different);
2. A description of the product, purchase price, date and location of purchase, and copies of invoices, if available;
3. A description of the defect(s) (photos are required); and
4. A brief summary of attempts made to address the concerns.

**NO STATEMENT OF USEFUL LIFE**

This Limited Warranty is not a statement of the useful life of any RCP products.

[dms.us.51883281.01](http://dms.us.51883281.01)

**A NOTE ABOUT EFFLORESCENCE**

Efflorescence is that white, powdery substance that appears on the surface of concrete and it's a natural occurring process. Efflorescence does not affect the structural integrity or strength of the product and will usually wear off over time, although special cleaners can be used to speed up its removal.
