

The name that built an industry™

Cultured Stone® by Boral®

Spring 2016 Product Guide

We know stone better than anyone.

As the ancient world was defined by its masons, the Modern Age will be defined by our masters. Cultured Stone® by Boral® is home to some of the finest master craftsmen. Since 1962, we have built a rock-solid reputation as producers and purveyors of the world's finest manufactured stone veneer products in the industry.

Our masters craft each product from the highest quality materials, including the best textures, sizes and shapes of hand-picked natural stones. We also implement superior quality control measures in our manufacturing process. Our products undergo stringent third-party testing, which verifies durability, quality, reliability and consistency. All of this allows us to be one of few manufactured stone veneer manufacturers with ICC-Evaluation Service Approval.
